

Sequence Model or Event Diagram

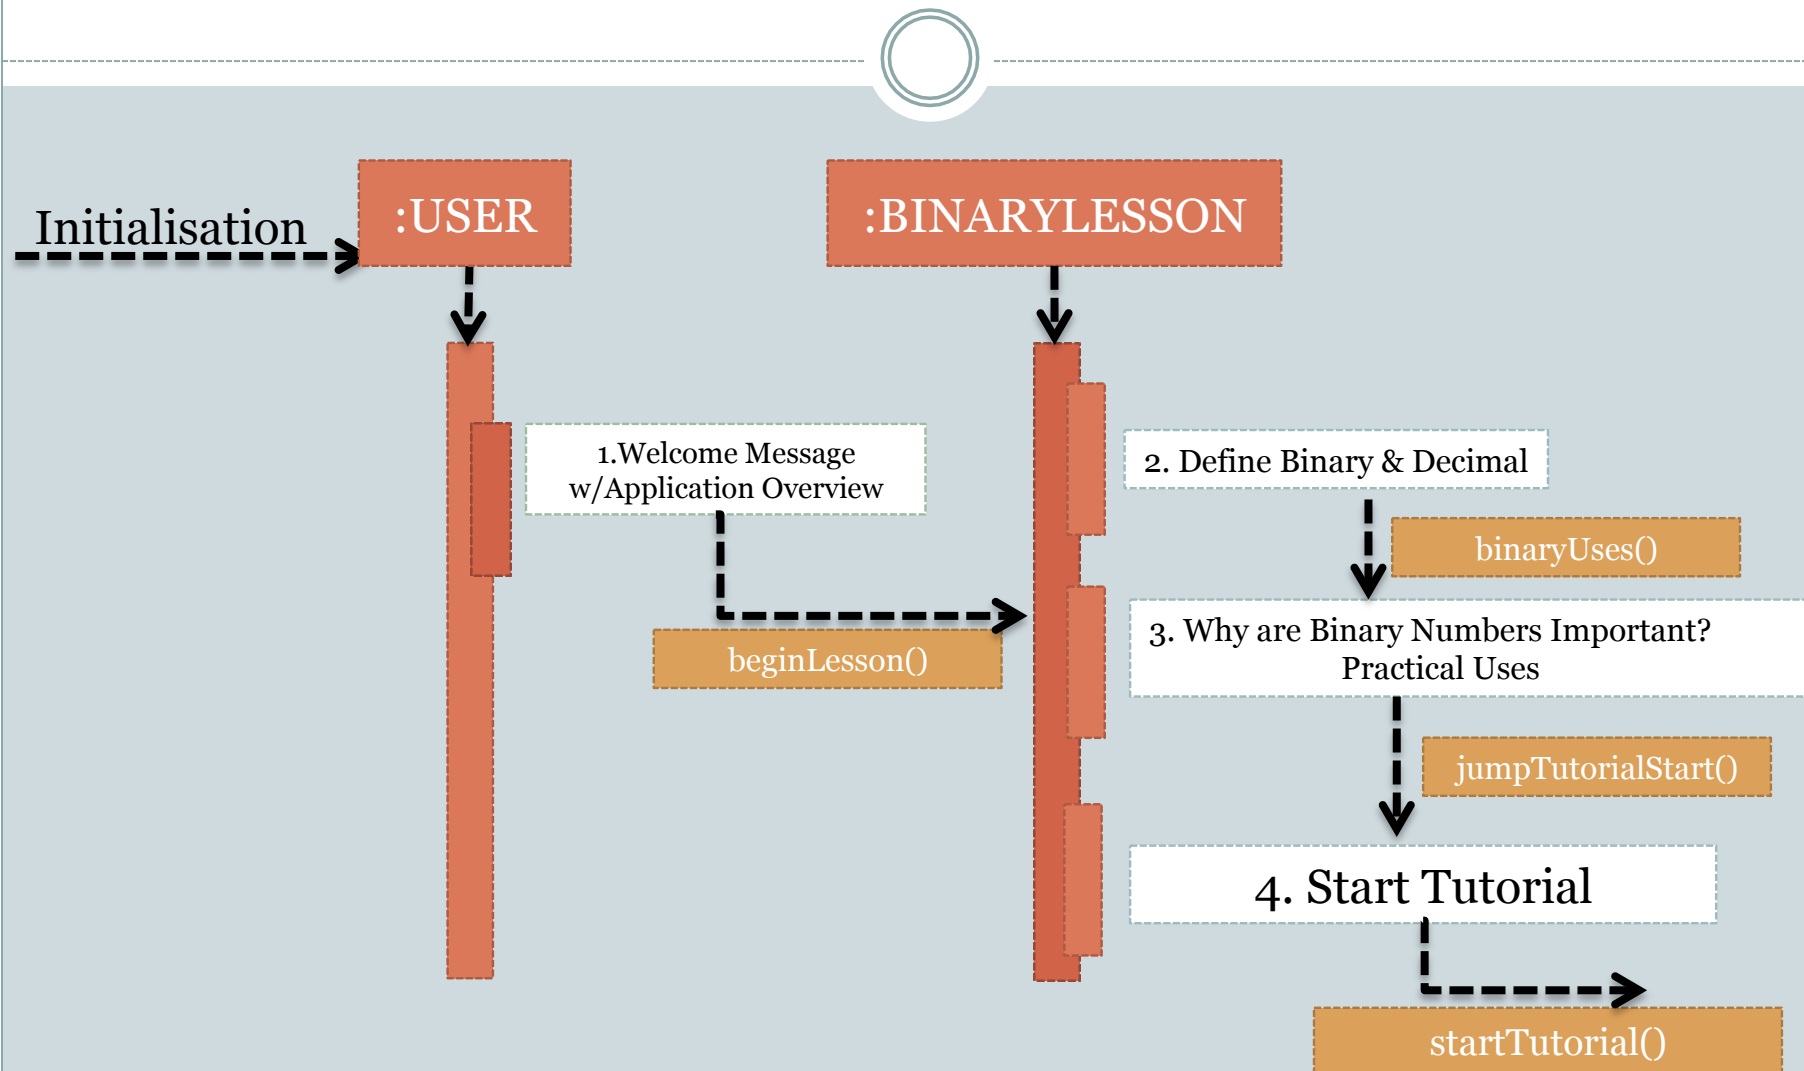

BINARY KIDS

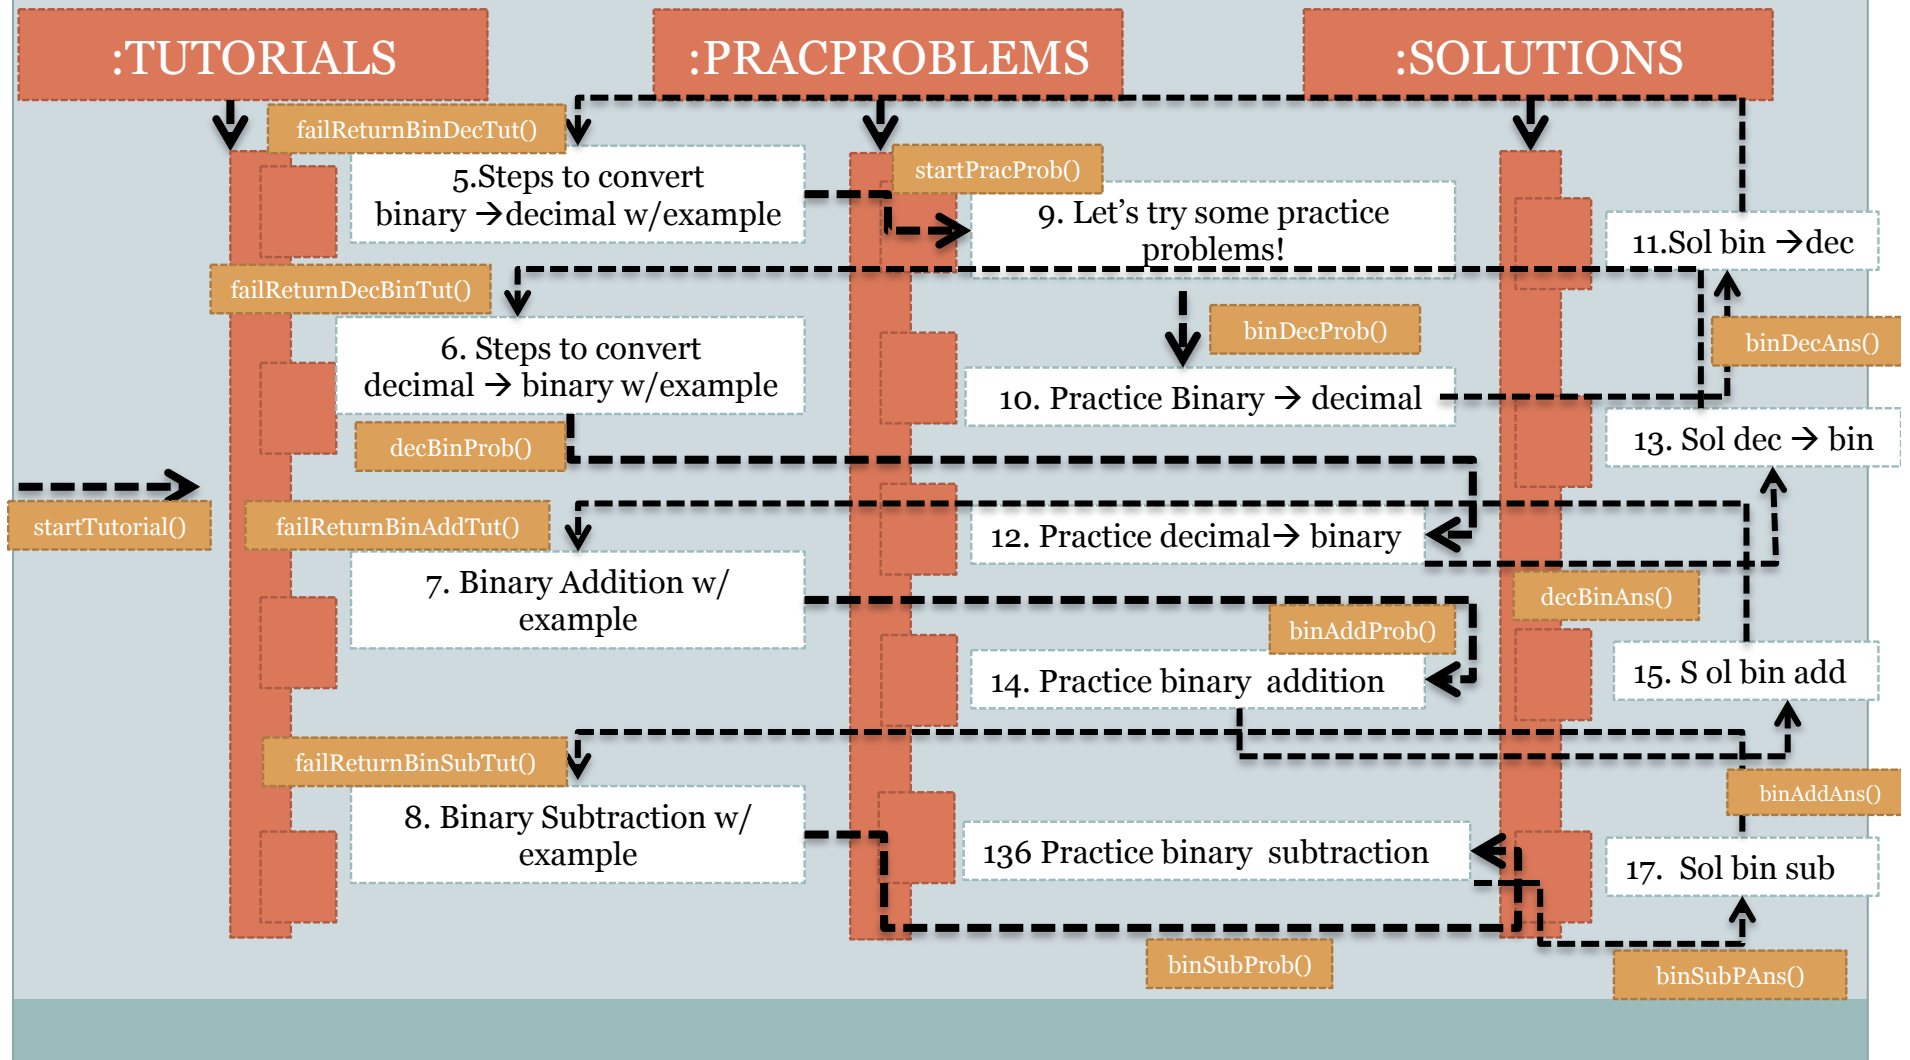

MEGHAN CHRIS DE'AHNA JULIA

Each white text field contains a number which represents the screen number in the application and a description of the process.
The arrows indicate member functions of the class.

User & Binary Lesson

Tutorials

*Note about previous diagram

- If the user completes the practice problems without error, they will be directed to the next tutorial or the review screen (whichever is relevant) to continue their progress throughout the application.
- Successful completion of all practice problems and tutorials will gain user access to the review screen.
- This could not be adequately shown due space limitations.
- The arrow indicating progression to the review process will be shown on the next slide.

Review and Play Game
